A Conversation About Re-opening Stocks and Value Investing

Join us as Travis Upton interviews Abhay Deshpande, Chief Investment Officer of Centerstone Investors and Portfolio Manager of the Centerstone Investors Fund. Abhay and Travis will discuss stocks which may benefit from the re-opening economy, views on value vs. growth investing, the potential role of gold in a portfolio, and many more topics, including your questions!

Travis Upton, CFA, FRM, CAIA

In his role as Chief Investment Officer, Travis chairs the firms' investment committee and uses his communication skills to simplify investment concepts. Travis has over two decades of financial services experience and holds the Chartered Financial Analyst (CFA), Financial Risk Manager (FRM), and Chartered Alternative Investment Analyst (CAIA) designations.

Abhay Deshpande, CFA

Abhay Deshpande founded Centerstone Investors and serves as the Chief Investment Officer. He has nearly 30 years of experience researching and investing in businesses globally and can frequently be seen talking about the market on Bloomberg and CNBC.
