We're excited to host this spring book study, discussing one of the top books of last year.

**James** by Percival Everett won the 2025 Pulitzer Prize for Fiction and is a National Book Award winner. This fiction book retells Mark Twain's *Adventures of Huckleberry Finn* from the perspective of the enslaved man, Jim. It's a critically acclaimed work that re-examines the classic American novel with humor, sharp observation, and a focus on the humanity of its enslaved narrator.
