America's beloved and distinguished historian presents, in a book of breathtaking excitement, drama, and narrative force, the stirring story of the year of our nation's birth, 1776, interweaving, on both sides of the Atlantic, the actions and decisions that led Great Britain to undertake a war against her rebellious colonial subjects and that placed America's survival in the hands of George Washington.

David McCullough tells the intensely human story of those who marched with Washington in the year of the Declaration of Independence—when the whole American cause was riding on their success, without which all hope for independence would have been dashed and the noble ideals of the Declaration would have amounted to little more than words on paper.
