THE PORTFOLIO OF THE FUTURE

"Roads? Where we're going we don't need 'roads'!"

Join us December 8th at Crooked Can Brewing in Hilliard as Chief Investment Officer Alex Durbin and CEO Travis Upton discuss the "Portfolio of the Future" and why they think the "financial roads" that got you here may not necessarily be the roads of the future. Their discussion will challenge the assumption that "there are no alternatives" and highlight some interesting developments in markets that make the "Portfolio of the Future" one to look forward to.

We would love to see you there and feel free to invite a friend!
